

21-Day Pro Video Editing Course

Learn. Edit. Get Hired.

Turn your passion into a profession — Fast-track your editing career with real-world projects on MacBook Pro systems.

What Makes This Course Unique?

Real Projects – Real Editing Skills.

No demo or stock footage. You'll work with **actual event video files** from real clients. Learn how to tell visual stories that captivate.

You'll edit projects like:

-  **Wedding Event Highlights** – Weddings, Birthdays, Cultural Programs
-  **Corporate Videos** – Business promos, seminars, speaker edits
-  **All types of events** – Edit real videos from events like weddings, birthdays, corporate functions, college fests, baby showers, fashion shoots, and more to build a powerful **multi-category portfolio**.
-  **Short Films & Brand Promos** – Script-based or product-focused content

You'll master:

-  **Adobe Premiere Pro** – Timeline editing, transitions, sound sync
-  **Sound Design** – Background music, sound effects, voice sync
-  **Cinematic Touches** – Luts, Colour grading

 You'll leave the course with a **client-ready portfolio** and the skills to confidently take on freelance projects or full-time editing work.
